About Us

The Hop Farm is a unique venue right in the heart of the Kent countryside. With three fantastic function rooms, we are able to cater for small and large proms and parties.

Our Packages

Our packages have been specially designed to suit all needs, whilst still allowing the flexibility to design the room to suit all your needs.

We can also add to all our prom packages to make them even more memorable. See our additional extras for more information.

Make It Your Own

Don't like what you see? We can also provide a completely bespoke quote based on your own requirements.

"Thank you for all your help, support and patience in the build up to our event. All of the students and staff had a fantastic evening - staff have even told me it was the best prom they have ever attended due to the venue. Being as the bar and dance floor were so close it meant the atmosphere was fantastic and much more enjoyable than at other venues. I would definitely recommend your venue to others and it was so well organized and met all of our needs."
